

Commodity Credit Corporation, USDA

§ 1466.20

(f) A participant may receive assistance to implement an EQIP plan of operations for water conservation only if the assistance will facilitate a reduction in ground and surface water use on the agricultural operation, unless the producer is participating in a watershed-wide project, as approved by the State Conservationist, which will effectively conserve water in accordance with § 1466.20.

Subpart B—Contracts and Payments

§ 1466.10 Conservation practices.

(a) NRCS will determine the conservation practices for which participants may receive program payments. A list of eligible practices will be available to the public.

(b) Payments will not be made to a participant for a conservation practice that either the applicant or another producer has applied prior to application for the program. Payments will not be made for a conservation practice that has been initiated or implemented prior to contract approval, unless a waiver was granted by the State Conservationist or designated conservationist prior to the practice implementation.

(c) A participant will be eligible for payments for water conservation and irrigation related conservation practices only on land that has been irrigated for two of the last five years prior to application for assistance.

(d) Where new technologies or management approaches that provide a high potential for optimizing environmental benefits have been developed, NRCS may approve interim conservation practice standards that incorporate the new technologies and provide financial assistance for pilot work to evaluate and assess the performance, efficiency, and effectiveness of the new technology or management approach.

[74 FR 2313, Jan. 15, 2009]

§ 1466.11 Technical services provided by qualified personnel not affiliated with USDA.

(a) NRCS may use the services of qualified TSPs in performing its responsibilities for technical assistance.

(b) Participants may use technical services from qualified personnel of other Federal, State, and local agencies, Indian Tribes, or individuals who are certified as TSPs by NRCS.

(c) Technical services provided by qualified personnel not affiliated with USDA may include, but are not limited to: conservation planning; conservation practice survey, layout, design, installation, and certification; and information; education; and training for producers.

(d) NRCS retains approval authority of work done by non-NRCS personnel for the purpose of approving EQIP payments.

§ 1466.20 Application for contracts and selecting applications.

(a) In evaluating EQIP applications, the State Conservationist or designated conservationist, with advice from the State Technical Committee or local working group, takes into account the following guidelines:

(1) Any producer who has eligible land may submit an application for participation in EQIP. Applications are accepted throughout the year. Producers who are members of a joint operation may file a single application for the joint operation.

(2) The State Conservationist, to the greatest extent practicable, will group applications of similar crop, forestry, and livestock operations for evaluation purposes.

(3) The State Conservationist will evaluate applications within each established grouping.

(b) In selecting EQIP applications, the State Conservationist or designated conservationist, with advice from the State Technical Committee or local working group, may establish ranking pools to address a specific resource concern, geographic area, or agricultural operation type or develop a ranking process to prioritize applications for funding that address national,
